SECRET

Comment: Report tends to indicate that, since about mid-November when the last report was submitted, the occupation of the three installations has not been changed. It is known that the barracks installation on Castaven Lake also serves as processing center for the personnel of the Second Gds Madz

Army:

According to motor vehicle the 25X1

repair work on the former postal lines was made by units of the 9th Sig Regt
of the Second Gds Mecz Army:
